- We created a Facebook Group called Madison Takeout and Delivery Options last week and as of this writing has over 5500 members. I have had numerous messages from restaurants letting me know that this is helping them during this trying time as well as from many community members who are glad to know where they can still order takeout or delivery. We will continue to post each morning and the restaurants are able to comment below that post who will be offering what on that particular day. <https://www.facebook.com/groups/2533390696766499/>
- We have created a new Facebook Group, where we want to do the same thing for all other small businesses so they can post what their status is and where people can find them online. Here is the link: <https://www.facebook.com/groups/203153337450288/>
- We want to be a resource for you and are working on gathering information – of course each day and even hour things are changing. If you have a specific question that you need help in researching, please reach out to us and let us help!

Please let us know if we can help you with anything - we are here to serve you!

Sincerely,
