Aircraft Lands on Madison Avenue Near Rice Road

On Thursday, August 4, 2022, at approximately 7:34 PM, witnesses reported to the Madison Police Department that a small aircraft had landed on Madison Avenue and was located near the intersection of Rice Road in the City of Madison.

Police officers as well as the Madison Fire Department responded to the scene and upon arrival found that a Cessna 150F aircraft had in fact safely landed on the roadway. The pilot of the aircraft reported engine trouble which resulted in the impromptu landing. There was no damage to property and no injuries reported. The FAA was notified of the incident. The aircraft has been moved to the side of the roadway although one travel lane is partially blocked near the intersection.

Arrangements are being made to relocate the aircraft upon approval and consultation with the FAA.
